

SEEK TO BOLSTER UP PARTY FENCES

"American" Councilmen and Department Heads Hold Secret Caucus With Mayor.

MORAN BONUS DISCUSSED

MOVEMENT IS ON FOOT TO STRENGTHEN THE PARTY

Another of a series of caucuses of the American party members of the city council was held at the office of Mayor Ezra Thompson in the city and county building yesterday afternoon, which was attended not only by nearly all of the members of that party of the council, and the mayor, but by a number of the heads of departments as well. The caucus went into session at 1 o'clock in the afternoon and continued for more than four hours. All doors were closed and the men present declined to go into details concerning the matters that were taken up. Among those who were in attendance were Mayor Thompson, Councilmen Mulvey, Black, Davis, Martin, Crabtree, Hobday and O'Donnell, City Auditor Rudolph Airt, City Engineer L. C. Kelsey, City Attorney Ogden Hiles, three members of the board of public works, Clerk F. C. Christensen of the same board, A. F. Phillips, Colonel William Nelson and Frank J. Cannon. Among the matters discussed was the matter of the bonus of \$2.10 claimed by

Patrick J. Moran, general contractor on the Big Cottonwood conduit, which was cut down to \$2.70. This matter has not been definitely settled. Councilman Martin proposed that the estimate of the city attorney and the board of public works that he be given \$2.70 be reconsidered and left an open question. The general condition of the party was discussed and plans for a course of action to strengthen the party in the city and make it more popular were also discussed.

TROUBLE AT PERU MINES.

Tunnel of the Cerro de Pasco Mining Company Dynamited.

Lima, Peru, Jan. 10.—News of serious troubles at the mines in the interior of Peru has reached Lima. The employment of Americans at the mines has caused great dissatisfaction and resulted in a riotous demonstration Saturday. The tunnel of the Cerro de Pasco Mining company was dynamited and several of the miners assaulted. The police stopped the attack.

VALLEY HOUSE CORNER IS SOLD

Mining Operator Pays \$65,000 for the Property and Will Improve It.

PURCHASE IS IMPORTANT.

STORE AND APARTMENT BUILDING TO BE ERECTED.

One of the most important realty transactions of the past few months on South Temple street was closed yesterday when Cannon & Cannon announced the sale of the old Valley house corner at South and West Temple streets to an outfit of town mining operators, by E. S. Hubbard of Salt Lake and A. E. Pomeroy of Los Angeles, the owners of the property. The lot has a frontage of 121 feet on West Temple and a depth of 190 feet on South Temple. The consideration for the property was \$65,000. Cannon & Cannon refused to divulge the name of the purchaser of the big corner, but said he would improve the property at once. It is understood this improvement will take the form of a store and apartment building to be at least six stories high. The Valley house corner has long been considered one of the best pieces of South Temple business property and its purchase at \$65,000 yesterday started considerable favorable comment among real estate men. Upper Main street business men when told of the sale of the Valley house prop-

erty evidenced the utmost interest in the transaction and it is probable the new purchaser will be influenced as much as possible to improve his corner with a structure commensurate with the plans that are being evolved for the improvement of upper Main and intersecting streets.

ARMY CANTEN DISCUSSED

Law Having Reverse Effect From What Was Intended—Will Not Be Changed, However.

Washington, Jan. 10.—The army canteen was again today under discussion in the house of representatives. While the army appropriation bill, was up, Representative Morrell, of Pennsylvania, intimated that he would like to attach a paragraph doing away with the anti-canteen law, in line with a bill he had introduced in the first session of the Fifty-ninth congress. Mr. Hull, of Iowa, in charge of the bill, stated that the paragraph would be new legislation and that a point of order would be raised against it. He stated, however, that the testimony of army officers was almost uniformly to the effect that the canteen was a good temperance measure and that its abolition had resulted in desertions and a greater degree of drunkenness. On the other hand, he said, he was receiving all the way from ten to one hundred letters a day whose authors were distributed all over the country, contending that the canteen would be a crime against society and protesting against its re-enactment. Between these two widely separated views it was the disposition of congress to let conditions go on as now providing the posts with post-exchanges and furnishing hot coffee. This gave Mr. Morrell an opportunity to tell the house some things about the discrimination practiced between officers and men regarding post-exchanges. "If," he said, "the increase of drunkenness continues in the army at the present rate, it may become a very serious matter in preventing men from enlisting in the army." He said the anti-canteen law was doing the reverse of what had been intended.

Doctors Admit

That They Can Do Nothing More for Your Stomach Than Stuart's Dyspepsia Tablets Are Doing Every Day.

COSTS NOTHING TO TRY.

According to the expert analysis of government authorities in the United States and Great Britain, Stuart's Dyspepsia Tablets contain the exact elements provided by nature for digesting food in the stomach. Stuart's Dyspepsia Tablets have saved sufferers from stomach disorders millions of dollars by giving them, in one small 50-cent package, more relief than countless treatments by physicians would bring about, at \$3 per visit.

Perhaps you are afflicted with dyspepsia—or some kindred disease arising from a disordered digestion. It may be heartburn, heartburn, indigestion, liver trouble, insomnia, nervous debility. They all have their beginning in a stomach which does not secrete the juices or grind the food which is taken into it.

If so, we urge you to send for a free trial package of Stuart's Dyspepsia Tablets. It will cost you nothing and surely will bring you no gain unless you find after using it, that you are benefited and feel that you need a full-sized package.

There is absolutely no danger in using Stuart's Dyspepsia Tablets. Nothing is contained in them that has not been subjected to the closest scrutiny by the government officials.

Stuart's Dyspepsia Tablets will digest your food without a full-sized package. You can be sure therefore that no matter what your condition, these little tablets taken after each meal will shortly restore your stomach to its normal condition and render it capable of doing its work unassisted.

We withhold the names of hundreds who have written us voluntarily expressing their gratitude to this simple substitute for nature.

Send for trial package today. F. A. Stuart Co., 70 Stuart Bldg., Marshall, Mich.

50-cent size package for sale by drug-stores everywhere.

HEWLETT'S

PRODUCTION OF GOLD AND SILVER

Preliminary Estimate of the Director of the Mint for the Calendar Year 1906.

Washington, Jan. 10.—The director of the mint today made a preliminary estimate of the production of gold and silver in the United States during the calendar year 1906, which includes the following:

State.	Gold.	Silver.
Alaska	\$21,251,100	191,700
Arizona	3,223,800	2,747,800
California	18,833,900	1,554,500
Colorado	22,711,300	12,245,100
Montana	1,903,300	8,273,300
Nevada	4,555,800	11,478,700
Idaho	9,115,800	6,712,900
New Mexico	255,900	356,200
Oregon	1,369,300	100,100
South Dakota	6,829,700	157,500
Texas	280,100	—
Utah	5,172,500	11,638,000
Washington	362,500	140,500
Wyoming	269,400	1,300
Other states	429,100	80,100
Totals	\$25,101,400	56,183,500

Of the more important increases in the production of gold as compared with 1905, Alaska stands first with a gain of \$6,316,000; Nevada comes next with \$4,555,800; and Arizona third, with \$3,223,800. Colorado shows a loss in gold production of \$2,900,000, and California a loss of \$264,000. In silver production, Montana shows a loss of 2,900,000 ounces, Colorado a loss of 655,000 ounces and Utah a gain of 2,217,000 ounces. The figures for all the states show a net gain in gold production of \$7,939,700 and a net gain in silver production of \$2,100 ounces.

JAPANESE ARE OFF COLOR

Being Brown, Instead of White or Black, They Cannot Become American Citizens.

Washington, Jan. 10.—Naturalization authorities here say the question of whether Japanese subjects can become citizens of the United States already has been settled adversely by the circuit courts in the United States, which have declared that not being white persons or persons of African nativity, they are not entitled to that privilege. The question, it is said, has never been taken to the supreme court of the United States. The decisions of the circuit courts in construing the law on this subject have been accepted by the naturalization officials as final.

Heretofore, either through misconception of the law or through ignorance, Japanese in some cases have been allowed to file declarations of intention to become citizens. Strict orders have been given in this matter, and an effort will be made to have this practice stopped.

TRIAL SUDDENLY STOPPED DENOUNCED AS MURDERERS

Special Judge in the Hargis Case Accused of Acting in Arbitrary Manner.

Jackson, Ky., Jan. 10.—The trial of Judge James Hargis on the charge of participating in the assassination of Dr. B. B. Cox in this city three years ago, was suddenly postponed here today, as the result of a writ of prohibition asked by the commonwealth's attorney issued today by the court of appeals of Kentucky. The petitioners declared that Special Judge William Carnes, of Williams town, who was appointed by Governor Beckham to try the case of Judge Hargis and others, charged with the assassination of Dr. Cox, is conducting the trial in an arbitrary manner and is overstepping the bounds of the law. Judge Carnes said that he thought the writ would be dismissed on a demurrer which he would file tomorrow when he reached Frankfort. The excitement has subsided, and the town is almost deserted. Adjutant General Lawrence arrived in this city this afternoon and went into conference with Judge Carnes. He said that he would take no action in the matter of troops until the writ has been argued before the court of appeals.

Lexington, Ky., Jan. 10.—Orders were issued tonight by Captain Woodard for members of company C of the Kentucky state guards to assemble at the armory tomorrow. The troops will be held in readiness to go to Jackson if ordered by Governor Beckham.

Commencing Wednesday, and until sold, our complete stock 25c on the dollar. BEESLEY MUSIC CO.

Iowa Judge Orders Grand Jury to Locate the Blame for the Cullen Lynching.

Charles City, Ia., Jan. 10.—Denouncing as murderers the men who last night lynched James Cullen, slayer of his wife and stepson, Judge C. Kelly today instructed the grand jury to conduct a rigid investigation with a view to placing the blame. He insisted that Cullen was legally entitled to a full protection of the law from the mob. "The crime of which James Cullen was accused and which was doubtless committed by him," said the judge, "pales into insignificance when compared with the deliberate act of an organized mob. You have nothing to do with the guilt or innocence of James Cullen. His case is in the hands of God. But he was murdered, and every person who actively participated in the act is equally guilty of murder."

Judge Kelly heard testimony from a number who saw the lynching, among them Ensign Raper, of the Salvation Army, who last night invited the condemned man to pray.

A gentleman from El Paso, Tex., says: "Nothing this side of the border compares with MOUNT'S Mexican Hot."
